Before Inventory SALE Of Odd Lots

Just before taking our semi-annual inventory, all stores are closing out many odd lots of merchandise at reduced prices. Each department has contributed for this sale some broken sizes, odd lots, or perhaps slightly shopworn goods-all strictly serviceable, high grade merchandise, but with prices marked to assure moving them quickly. These sales, of course, cannot be uniform at all stores, but each store will have its particular lots to be closed out at real bargain prices. You will do well to watch for the offerings at our nearest store and avail yourself of the opportunity to select many items you will need at big savings. /.
